Things I've Worked On

Pen and Page | penandpage-pemba.vercel.app

A blog website using Django REST Framework (DRF) authentication.

Showcase | showcase-pemba.vercel.app

Refactoring my personal website to dynamically handle content using Django.

Teamtrack

A project management tool built in PHP for my college project defense.

Book a Room | bookaroom-pemba.vercel.app

A web application that combines authentication, hotel management, reservation features. It caters to both individual and corporate clients, providing a seamless platform for exploring, booking, and managing hotel stays.
